Gospel Instruction Dr. Jason Hunt

WSC Question 61: What is forbidden in the fourth commandment?
The fourth commandment forbids the omission or careless performance of the duties required, and the profaning the day by idleness, by doing that which is in itself sinful, or by unnecessary thoughts, words, or works about our worldly employments or recreations.

WSC Question 62: What are the reasons added to the fourth commandment?
The reasons added to the fourth commandment are God allowing us six days of the week for our own employments, his claiming a special ownership of the seventh, his own example, and his blessing of the Sabbath day.
